

Phyllis, when in thine eyes I look,
So deep and clear their beam,
I care not for the power of
Which to read my dream.

But turn them once away, dear heart;
I would not know them well,
For I might read the power of
My sweetest dreams to tell.

For the first time in many years
Salt Lake is to have a taste-and it is
said to be a good taste, too-of grand
opera. While the display of jewels in
the boxes will perhaps not be equal
to that seen in the height of the season
in New York, if the music is good
none of us mind that. Some may think
that the lack of the foreign
tongue will detract from the opera, but
Salt Lake will be willing to take
chances even on that, for judging by
the number of society people at present
planning to turn out in all their
brilliance, it will make little difference.

One of the new ideas for the passing
of time during the season is the
Lenten luncheon, following
an inspection of the millinery. The
plan is for four or five congenial souls
to meet at the shop and after a try-
ing time (trying on the hats and on
the milliners) to repair to the home of
one and consume something tangi-
ble in the shape of food. Later a
game of bridge may be suggested, but
the main thing is the hat.

"Several of the local belles have taken
to the weed lately."
"How is that?"
"The men can't supply enough ashes
during Lent to be in keeping with their
sackcloth."

The transfer of Captain and Mrs. Ed-
ward M. Blake from Fort Douglas to
Yankee Barracks will be a big loss
to a social way to the post, and a con-
sequent gain to the beautiful spot to
which they go. They are among the
most hospitable people at present at the
garrison, and it will be long before
their places are really filled.

The third of the symphony concerts,
which takes place tomorrow evening,
bids fair to be the best of the season.
The very quietness of Lent, felt in the
theatrical circles, seem to be conducive
to the enjoyment of good music, and
with the fine programme prepared for
the symphony, there will be enough to
"round." Several box parties are al-
ready arranged for.

Several of the stars coming with the
Conrad people are almost old
friends of Salt Lake audiences. An-
dreas Dippel, who is a friend of Car-
rie Bridgwell, will be entertained dur-
ing his stay by Mrs. Kate Bridgwell
Anderson. Nordica has already many
warm friends, and each of the others
comes to either greet or make more.

Cupid is the only one who does not
seem to mourn in sackcloth these days.
This is the season that's in to be in-
vested, and he still wears the same complete
vestment-a radiant smile.

The announcement of the engage-
ment of two of the popular young peo-
ple at the post was received with in-
terest by their friends in town, but
not with surprise. The engagement
was known to a few close friends
months ago, and when the announce-
ment secondly was made, it was fore-
shadowed in this column. There's no place
like a military post for engagements,
of course.

The many Salt Lake friends of D.
R. Conley, the popular "Hot man"
from San Francisco, will be interested
in learning of his approaching mar-
riage. The maiden is Miss Mae Prun-
der of Portland, Ore., and the wed-
ding will take place some time next
June.

In a certain little circle of girls
every girl except one seems to be en-
gaged. Now, so great is the loyalty
among this particular set, that every
girl in it denies her engagement. Who
says that women are angels?
